Mission Statement

We exist to ensure that no student's future is determined by their circumstances, but by their ambition – empowering young minds to explore confidently, grow freely, and ignite passion.

Our Design Tenants

Equity First

Every feature should reduce equity barriers to the best of its ability for it's target audience.

Guidance

We provide context, clarity, and support so students can confidently take their next step.

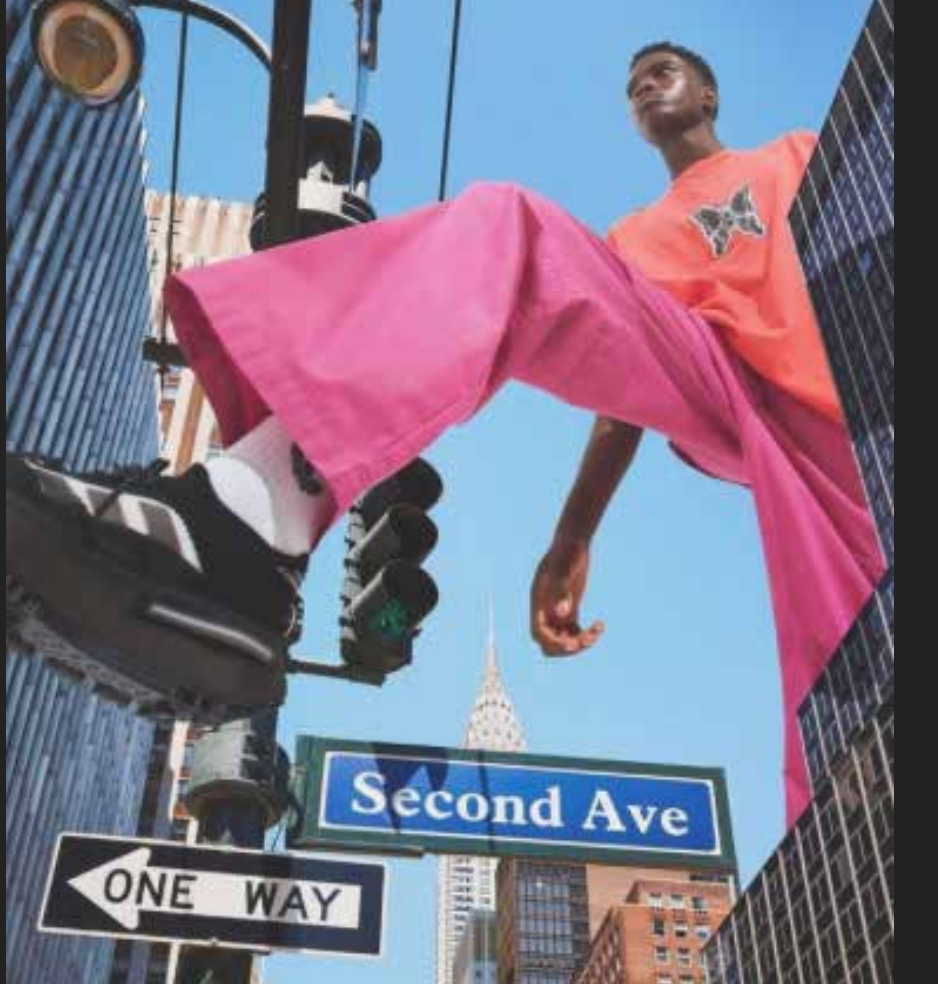

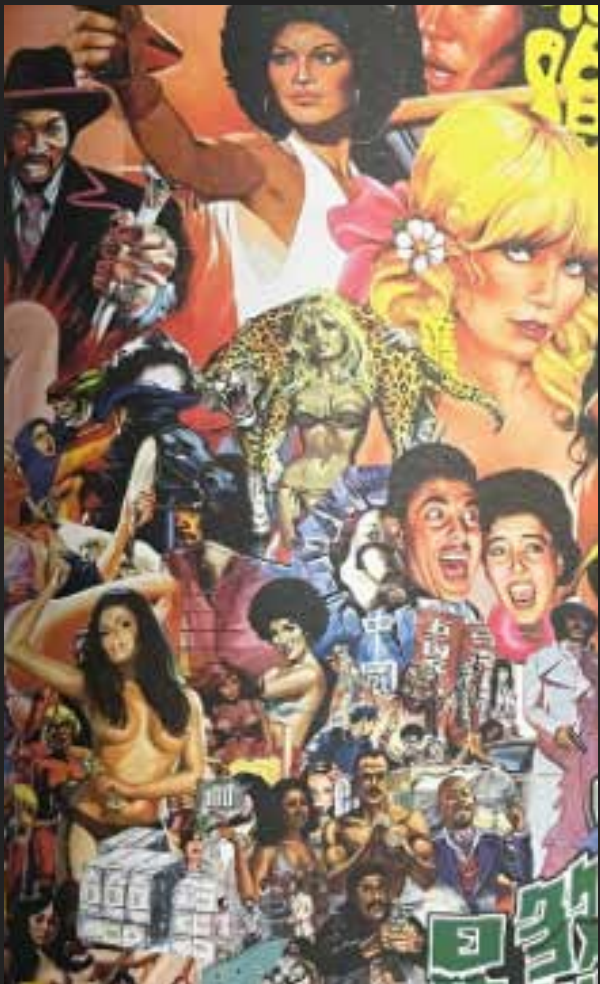

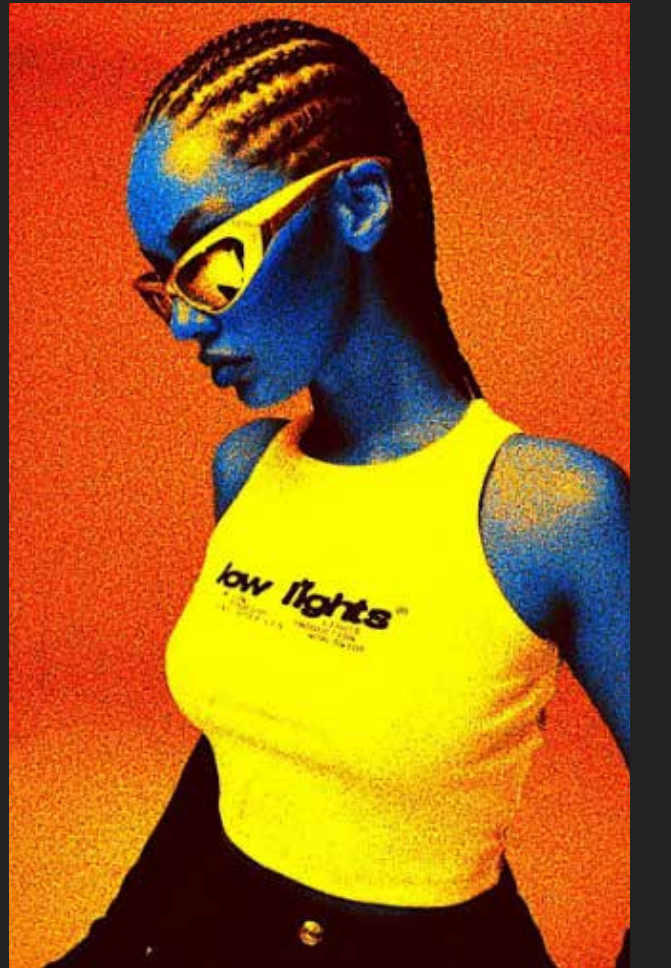

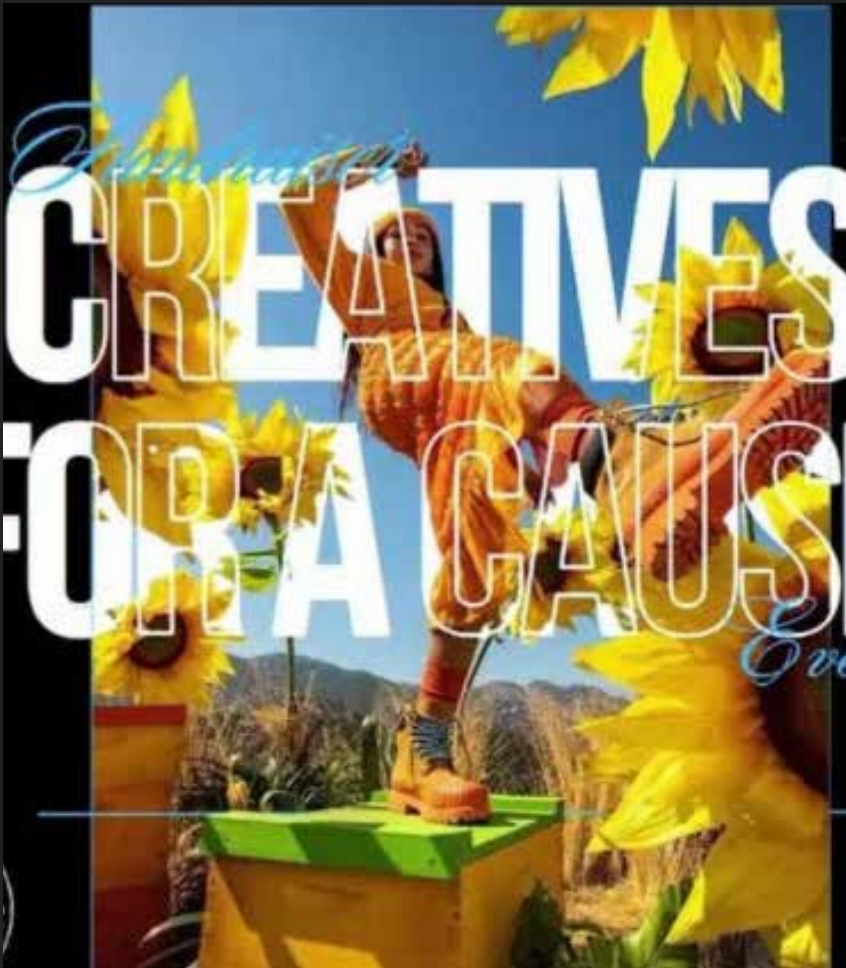

Exploration

Features, enrichment opportunities and visuals should influence exploration, discovery, and curiosity without pressure
